NOTICE TO ALL STUDENTS

We are pleased to inform all IPMZ students and prospective students of the introduction of a **New Curriculum for all IPMZ Diplomas effective from 1st January 2018. The New Curriculum has 14 compulsory subjects at Diploma level and 10 subjects plus a Dissertation at Higher Diploma level.**

The review of the curriculum is in line with the introduction of the National Standard for Human Resource Management Studies developed by the Ministry of Higher and Tertiary Education, Science and Technology Development.

The New Curriculum has very competitive and practical subjects such as Entrepreneurship Skills thus we urge those who have completed their Diplomas to also take up these subjects as single subject certificates.

Current students are therefore being advised to complete their diplomas by end of 2018 after which the current curriculum ceases. However in order to allow a smooth transition the old and new curricula will run parallel in 2018. New students registering in January 2018 will enroll for the New Curriculum which is attached and also available on our website www.ipmz.org.zw
